

Improved Performance | Long Bearing Life | Reduced Maintenance

Helwig Carbon

New Bearing Protection Solution

BPK-S (Patent Pending) Proven technology in a simple design.

Sealed Bearing Protection Kit

- A proven solution to protect your motor bearings.
- Fully sealed and protected from outside elements and contamination.
- Most effective technology for minimizing shaft voltages & damaging currents.
- Constant force spring for long brush life and superior performance.
- Easy to install externally or internally with slotted mounting holes.
- One size fits all motors. Large shaft diameters may need multiple kits.
- Quick disconnect grounding terminal.

For more information on your bearing protection needs, contact Helwig Carbon at **800-962-4851**.
